At Broadway Bank, community is at the heart of everything we do. Through the time and talent of our Bankers, we proudly support causes that strengthen the communities we serve across Texas. Our Care Corps employee volunteer program focuses on education and social services, empowering Bankers to make a meaningful impact through hands-on service and strong community partnerships.

In addition, our Community Reinvestment Act efforts support initiatives that promote affordable housing, small business growth, financial education, and economic opportunity in low- to moderate-income areas. Since 1941, under the vision and leadership of our founders Col. Charles E. Cheever and Elizabeth "Betty" Cheever, Broadway Bank has remained committed to building stronger, more vibrant communities—today and for generations to come.

## Social Services

### Hill Country Flooding Disaster Relief

When flooding struck Kerrville, Broadway Bank stepped in to help our neighbors in need. We provided financial support, sent volunteers to assist on the ground, and opened a dedicated account so anyone could contribute, ensuring that every donation went directly to local organizations and families recovering from this disaster.

### Meals on Wheels

Our dedicated bankers proudly supported Meals on Wheels by donating over 540 volunteer hours through meal deliveries, shelf-stable packings, dog food packing, and friendly visitor calls. When funding was tight, we also contributed to help ensure they could continue providing vital services to our neighbors in need.

### SNAP

Broadway Bank made a meaningful contribution to support SNAP benefits, helping provide nutritious food and essential resources to individuals and families facing food insecurity.

### Texas Housing Conservancy

Bankers partnered with the Texas Housing Conservancy to support pathways to homeownership through financial literacy education. Our bankers volunteered their time to teach about savings plans, credit scores, and budgeting — empowering participants with the tools needed to make informed financial decisions and take confident steps toward owning a home.

## Education

### TEXAS YES Project

Volunteers joined the TEXAS YES Project by supporting their school supply donation days in Austin, Dallas, and San Antonio. Our bankers helped distribute supplies and assist families, ensuring students had the tools they needed for a successful school year.

### San Antonio Independent School District

Broadway proudly supported SAISD through their Book Buddies program by sorting donated books for students and assisting during the New Teacher Shopping Day, helping teachers gather classroom supplies and prepare for a successful school year.

### Communities in Schools of San Antonio

In partnership with Communities In Schools, employees engaged with students during Job Shadow Day and Read Across America Day. Our bankers helped students explore career pathways and encouraged a love of reading, providing mentorship, inspiration, and support that contribute to long-term academic and personal success.
